I had a dream and I saw you standin' and you were shinin' just like an angel

I'd like to thank you for standing by me when things were darke r you held the candle

Do you remember when we took a dream and then turned it into to day together

Dreamin' seems to carry me back to where I wanna be Wrapped up in your arms and feeling better

Rivers will run mountains will rise I love you more than the st ars in the skies

I'll never treat you wrong won't make you cry

Just sing you sweet love songs won't tell you lies

Wouldn't you like to go ridin' with me into tomorrow oh sweet f antasy

Rivers will run mountains will rise I love you more than the st ars in the skies

Cherish what you sweet remember running through the sands of ti me

Cherish it with all that's in you

Rivers will run mountains will rise I love you more than the st ars in the skies

Rivers will run eagles will fly I love you more than the stars in the skies

Yes I love girl yes I love girl yes I love girl
