

Cinematic Lifestyle

Hudson Taylor

Facing backwards in a cinematic lifestyle
Make a wish unto the usher who has lost the will to sell
Fortune's penny is worth more than I can offer to him now
Taking Spanish lessons to learn what happens after midnight

If it's love that you want well then
Won't you come and get it
If it's love that you need, well then please
Won't you come and get it

Facing forwards on the aristocratic roulette wheel
Spin the bottle, put your money on the most exotic number
Tastin' candy coloured dreams, and I know it's alright
Nothing here is as it seems, and I know it's alright

If it's love that you want, well then
Won't you come and get it
Oh yeah, won't you come and get it
Oh yeah, won't you come and get it

Love that you need, well then please
Won't you come and get it
Oh yeah, won't you come and get it
Oh yeah, won't you come and get it

Come take my hand
Dip your feet into a wonderland
Come be my friend
We'll write a letter to the alphabet

Cause if it's love that you want, well then
Won't you come and get it
Oh yeah, won't you come and get it
Oh yeah, won't you come and get it

Love that you need, well then please
Won't you come and get it
Oh yeah, won't you come and get it
Oh yeah, Won't you come and get it

Love that you want, well then
Won't you come and get it
Oh yeah, won't you come and get it
Oh yeah, won't you come and get it

Love that you need, well then please
Won't you come and get it
Oh yeah, won't you come and get it
Oh yeah, won't you come and get it
Oh yeah, won't you come and get it
Oh yeah, won't you come and get it.
