

Can you feel it feel it feel it
In your soul
Can you tell me
Tell me if it's hot or cold

Can you tell me what it is
Does it hurt you when I do this

Stop it stop it stop it
You're pulling too hard
Stop it
You're going too far

I love it I hate it I love it I hate it too
I love it
So how about you?

Can you tell me 'cause I don't know
Why don't you tell me why is it so
Confusing!
