

## Standing in the Rain

Hüsker Dü

Looking outside my window  
And all I see is grey  
I'm watching the clouds roll by every day  
And we make a reservation  
You say you'll be on time  
I say, "I might be a little late"

Well, I pull it together and brush my teeth  
Comb my hair  
I stop to think and I can see you there  
I think of the times you've waited  
Just for me to care  
I care about you

Checking the clock inside  
The room we call our own  
I see that I'm late, I should get going  
Hop on a local transit  
Spending all my change  
And I can still hear the telephone

I wanna go back, but I'm halfway to  
The place where we will meet  
And I'm half dead on my feet  
And once I get there, I see  
Everything's the same  
Here comes the rain  
You left me standing

I should have guessed that you'd stand me up  
Why did I even go, now  
And I guess it goes to show  
The snow may well thaw out, but it  
Goes right down the drain  
You left me  
You left me  
You left me  
You left me  
You left me standing in the rain
