

# Don't Fight It

Huey Lewis & The News

Hey

There you sit  
All by yourself  
And everybody's dancin'  
They can't help themselves, come on

The groove is much too strong  
You can't hold out longer, honey  
So get up, don't fight it  
You got to feel it, feel it

You better get on up  
And get that groove, come on  
You know what, baby?  
I like the way you move

Yeah, you do the thing  
Like you ought to be, alright  
So don't fight it, baby  
You got to feel it, feel it

The way you jerk  
The way you do The Twine  
You're too much, baby  
I wanna make you mine, come on

Yeah, after the dance  
I wanna take you home, alright  
So don't fight it  
Baby, you've got to feel it, feel it  
Don't fight it  
Baby, you got to feel it, feel it

Get on up  
Baby, you got to feel it, feel it  
Don't fight it  
Baby, you got to feel it, feel it

Get on up  
Baby, you got to feel it, feel it
