

# Finally Found a Home

Huey Lewis & The News

It used to make me so fed up  
People always asking me  
What will you be when you grow up  
You're gonna need security  
Spent a little time in school  
Wishing I was somewhere else  
Having fun and acting cool  
I just want to be myself

And I finally found a home  
Where I'll never be alone  
Right here where I belong  
And I finally found a home  
Here, in a song

Thought I'd finally found the one  
Together we would always be  
Funny how things come undone  
Love's not what it's supposed to be  
Now everybody need a place  
Even if it's on a stage  
Everybody needs a place  
Something to help them turn the page

And I finally found a home  
Where I'll never be alone  
Right here where I belong  
And I finally found a home  
Here, in a song

It used to make me so fed up  
People always asking me  
What are you now that you've grown up  
Exactly what I want to be
