

I Never Think About You

Huey Lewis & The News

When I wake up in the morning -- same old time
Believe it or not baby, you're the last thing on my mind
I don't miss the conversation -- there was nothin' left to say
Staring at the ceiling, you just can't live your life that way

Now I'm living by myself without a care in the world
I never think about you
And I'm happy as I've ever been -- well, I pretend I am
I never think about you

I don't remember -- you know I don't care
I don't even remember the color of your hair
I used to think I loved you - it was just a fantasy
I quit pretending that you mean anything to me

I don't remember how many times I've cried
Looking for reasons that we said goodbye
