

Naturally

Huey Lewis & The News

All the birds have been blue
They don't know what to do
Ever since you said goodbye to me
And the flowers in their gloom
Have just refused to bloom
'Cause we all want you back, you see
Mmm naturally

All the birds have been blue
They don't know what to do
Ever since you said goodbye to me
And the flowers in their gloom
Have just refused to bloom
'Cause we all want you back, you see
And hey Mister Moon, is left without a tune
And his shadow's lost the harmony

So don't waste any time
Come back and change your mind
Everything will work out naturally
You know that love is a struggle
And only the strong will survive
So it's up to me and you
To do what we've got to do
To keep our love alive

And now the bees have been gone
They know that something's wrong
'Cause they don't feel like buzzing at all
And the stars up in the sky, now all they do is cry
And that's why the rain must fall
And the early morning Sun
He knows that you're the one
And we both miss your company

So don't waste any time
Come back and change your mind
Everything will work out naturally
You know love, love is a struggle
And only the strong will survive
So it's up to me and you
To do what we've got to do
To keep our love alive

So don't waste any time
Come back and change your mind
We'll be singing harmonies
With the birds and bees
If only you'll be mine
Things will work out fine, mmm naturally
