

# The Only One

Huey Lewis & The News

He was always the toughest kid  
But he never meant no harm  
But looking back I could see his fate  
Was tatooed on his arm  
Walking through the courtyard  
Always there to be seen  
He and little Janie  
Together they were the king and queen

He was the only one, who ever really knew  
He was the only one, what can we do  
He was the only one, he always showed us how  
He was the only one, where is he now

Three years later at the bus stop  
I know I'll never forget  
He looked smaller and real wasted  
As he bummed a cigarette  
And I asked him what he'd been doing  
And how's little Janie anyway  
Seems he was drunk  
They had a fight  
Janie got hurt and they took him away

He was the only one, who ever really knew  
He was the only one, what can we do  
He was the only one, he always showed us how  
He was the only one, where is he now

I can still see him standing there  
Just like yesterday  
Leaning on a '56  
Giving his secrets away  
Is it any wonder  
I feel a little lonely  
He's not just the only one  
He's the one and only

I heard about the accident  
There's not much left to say  
He wandered out in the middle of the freeway  
It must have happened right away  
And I thought about what a shame it was  
Now that it's all said and done  
And it may sound strange  
But even now  
He's still the only one

He was the only one, who ever really knew  
He was the only one, what can we do  
He was the only one, he always showed us how  
He was the only one, where is he now
