We're Not Here for a Long Time (We're Here for a Good Time)

Huey Lewis & The News

There's a party down on the corner, do you want to go?
They got rhythm, a little blues, and a whole lot of soul
I don't care what you've got to say
You're comin' with me anyway
We're not here for a long time
We're here for a good time

I know it's hard makin' a living every day
And I know how hard you've been workin'
But now it's time to play
Tell that wolf waitin' at your door
He'll just have to wait some more
We're not here for a long time
We're here for a good time

Some say the world is ending It might just come to pass Ain't no use in pretending Tonight could be the last

Tell the mailman to hold the mail Get ready to wag your tail We're not here for a long time We're here for a good time

Some say the world is ending Who knows if it's true?
Ain't no use in pretending
There's not much we can do

Leave a message for those who call We're out havin' us a ball We're not here for a long time We're here for a good time
