

# Who Cares?

Huey Lewis & The News

Newsbreak on the evening of the 87th day  
Immediate solution not expected right away  
Jesus ties on sale, look at 'em stand in line  
Buy 'em up, move em along, haven't got much time

Who cares? no one's talking anyway  
Who cares? won't the problem go away  
Who cares? change the channel, stare and sit  
Who cares? does any body give a shit?

Dimwits on the freeway stay alive at 55  
Politicians speeding, just trying to survive  
Couldn't stop the press, what a bloody mess  
Imagine that, a paper sack that couldn't pass the test

Who cares? no one's talking anyway  
Who cares? won't the problem go away  
Who cares? change the channel, stare and sit  
Who cares? does any body give a shit?

Who cares? no one's talking anyway  
Who cares? won't the problem go away  
Who cares? change the channel, stare and sit  
Who cares? does any body give a shit?
