

# Another Planet

Huey

Hey this drank got me feelin like I'm on another planet,  
Ima faint, man it feels like I'm on another planet,  
Whatcha think girl I want it, I know you gon' let me have it,  
I'm on another planet, I'm on another planet.

And I won't come down it feels so good,  
I don't wanna come down it feels so good, I walk around like I'm in space cause it feels so good,  
I'm on another planet, I'm on another planet.

I'm on another planet  
Ask me how I got there,  
I'm dressed as a captain  
Cause my money so rare,  
I'm drinkin on that shit  
It lighty cost some bucks,  
Most people don't drink it cause it cost too much.  
And when I'm at the bar  
I be lookin like a star,  
I don't pull out cash  
I be swippin' credit cards,  
Like Visa or Master  
Express or black ones.  
They assume I'm famous  
Like artist or actor.  
Money's not a factor  
I grow it out my ass,  
If money came from trees  
I would grow it in my plants,  
Grow it my garden  
Like remy martin,  
Had me feelin' like I'm on saturn and even mars andddd

Hey this drank got me feelin like I'm on another planet,  
Ima faint man it feels like I'm on another planet,  
Whatcha think girl I want it I know you gon' let me have it,  
I'm on another planet, I'm on another planet.

And I won't come down it feels so good,  
I don't wanna come down it feels so good, I walk around like I'm in space cause it feels so good,  
I'm on another planet, I'm on another planet.

Lil' Wayne

Ehhmmmm goodbye world, it's Weezy aka mister he took my girl,  
I'm on one, (haha) I'm on two, I got that bird flu from that grey goose,  
And I don't need no juice... just a little ice,  
And we can run around saturn's ring twice.  
I like my wine white, yeah patron straight,  
I'll take you to mars and show you I got my own space.  
Stir stir don't shake,  
Then don't break I take you out this world,  
He just take you out the states.  
Syrup by the crate, man I'm on my eighth,  
It make me move slow so ima be a little late... Mula
