

God Is A Woman

Hugh Cornwell

I hate to say is not like we planned
She's got us eating out of her hand
I know its hard to understand but god is a woman

You know she made the birds and the bees
You know she made the plants and the trees
I want to see you down on your knees god is a woman

Chorus
We sing our hymns to her,
Bring frankincense and myrrh
Singing to the earth of love

We sing our hymns to her,
Bring frankincense and myrrh
Singing to the earth of love

So don't you realise its better this way
You'll get your punishment on the judgement day
If you don't treat her right she's sure gonna be god is a woman

I'll take your dollar its a sure fire bet
She's been in charge and thats as good as it gets
You'll try to argue and don't be upset god is a woman

We sing our hymns to her,
Bring frankincense and myrrh
Singing to the earth of love

God is a woman
God is a woman
God is a woman
God is a woman
God is a woman
God is a woman

Soapy
