

Fade Away

Hughes Turner Project

I'll be there when the darkness falls
Everywhere when the shadows call
Hear the wind, how it cries your name
Don't you worry, there's no one to blame

Why, oh, why can't I be free?
There's only emptiness inside of me
'Cuz in my heart I know you'd never stay
Tell me how long does it take
For love to fade away?

I let you slip right through my hands
Now I try for a second chance
I never wanted to let you go
And now there's one thing you should know

Why, oh, why can't I be free?
There's only emptiness inside of me
'Cuz in my heart I know you'd never stay
Tell me how long does it take
For love to fade?

Why, oh, why can't I be free?
There's only emptiness inside of me
'Cuz in my heart I know you'd never stay
Tell me how long does it take?

Why, oh, why can't I be free?
There's only emptiness inside of me
'Cuz in my heart I know you'd never, never stay
Tell me how long does it take
For love to fade?

For love to fade away
Away, away, away

I'll be there when the darkness falls
As your love

Have you ever tried to call?
Have you ever noticed?
