

## Songs Of Farewell And Departure

Hum

before we scream and descend, steady to the sun  
a simple tale of woe, your hearts won't be undone  
a love song to everyone i know  
arms wide open, here we go  
she weaves a trail of petals through the embryonic ice  
her hair was warm to the touch and flowers twice as nice  
and if he stands on the moon he can barely catch her eyes  
always open to the sky  
and so we land only to find we never left the ground  
please leave the walls and the floors exactly as you found  
a love song to everyone i know  
arms wide open, here we go
