

Evil Curse

Human Fortress

Don't you dare
Never touch the wand
Don't take his elixir
Have to beware
He'll chant a spell
The bane of your life

Brace yourself
You'll disappear without any trace
Now burning eyes are watching me
So bright they glare

Evil's meant to live forever
Hell to pay for now and ever

Don't cast a spell on me
No evil curse on me
You can't deny the truth
I'm not another prey for you

Desperately
Now it's time to fight
To prevent my destiny
I will survive
This mortal agony
The bane of your life
