

Sleepin' Alone

Human Nature

(Get your notes fellas please - hmmmmmm)
Baby I don't want you sleeping alone
(Check it out)

Baby, baby, baby, baby, baby
Are you sleepin' alone tonight?
Baby, baby, baby, baby, baby
Are you sleepin' alone tonight?

Tell me what you're feelin' baby
What's going down behind those eyes so blue?
I know there's no special lover baby
'Cause I'm the one whose been waiting just to be there for you, oh

Baby, baby, baby, baby, baby
Are you sleepin' alone tonight?
You don't wanna lay in a bed that's so cold
So undress by my firelight
Baby, baby, baby, baby, baby
Are you sleepin' alone tonight?
If you tell me baby that you don't know
Let me make up your mind, 'salright

Baby, you lift me up
I'll move on down
I'll quench your love
Both inside and out
I'll taste your flesh
Baby you'll drink my wine
I'll take your love right doen the halls of desire

Baby, baby, baby, baby, baby
Are you sleepin' alone tonight?
(Are you sleepin' alone?)
Baby, baby, baby, baby, baby
Are you sleepin' alone tonight?

Now you can be my light
And I will turn you on
You and me feel so right
Now baby you ain't sleepin' alone tonight?

Baby, baby, baby, baby, baby
(I'm not gonna let you go to waste tonight)

Baby, baby, baby, baby, baby
Are you sleeping alone tonight?
Baby, baby, baby, baby, baby
Are you sleeping alone tonight?
(Sleepin' alone)

Baby I don't want you sleeping alone
Baby I don't want you sleeping alone

...
