

Your sweet smile,  
Is open mouth,  
With jagged teeth.  
I'm just a girl  
Without apology, without apology  
Starve yourself to nothing  
Come on, cause I'll never go away, yeah  
I could be  
Death for you  
If you believe  
I'm just a girl  
Without apology  
To you I am disease  
Starve yourself to nothing  
Come on, cause I'll never go away  
No, no  
I wait for you to fall  
So beautiful  
I will be the one  
Come on  
You can't take this away from me, no no  
Betcha can't take this one from me, come on  
You can't take this away from me  
Cause she will never be  
The one  
And I bet you thought you knew everything about me  
But you don't  
You don't  
You don't know anything  
No  
So just fuck off  
Whore  
I wait for you to fall  
So beautiful  
I will be the one  
Come on  
You can't take this away from me, no no  
Betcha can't take this one from me, come on  
You can't take this away from me  
Cause she will never be  
THE ONE  
But I will always be  
One
