Disease

Human Waste Project

Your sweet smile, Is open mouth, With jagged teeth. I'm just a girl Without apology, without apology Starve yourself to nothing Come on, cause I'll never go away, yeah I could be Death for you If you believe I'm just a girl Without apology To you I am disease Starve yourself to nothing Come on, cause I'll never go away No, no I wait for you to fall So beautiful I will be the one Come on You can't take this away from me, no no Betcha can't take this one from me, come on You can't take this away from me Cause she will never be The one And I bet you thought you knew everything about me But you don't You don't You don't know anything No So just fuck off Whore I wait for you to fall So beautiful I will be the one Come on You can't take this away from me, no no Betcha can't take this one from me, come on You can't take this away from me Cause she will never be THE ONE But I will always be One
