

# Hold Me Down

Human Waste Project

I melt  
I drip  
I fall  
I slip  
into your arms  
do you think you could hold me?  
hold me down

[Chorus]  
I think I'm ready to give in  
Nearly broken  
But it feels good, when you hold me  
Hold me down

I crawl, into, wet pools, of you  
It's home, it's comforting  
I think I could drown there  
hold me down

[Chorus]

I'm numb, and quiet  
This urge to break  
I'm down, I stay  
For you to hold me  
Hold me down

[Chorus]

Tied down, I'm low  
Clipped wings, I fold  
I shake, you're gone

Still you're all over me hold me down  
I think I'm ready to give in  
Nearly broken  
But it feels good  
When you hold me  
hold me down

Go!  
Heh heh  
Feels so good...
