

# Fool For A Pretty Face

Humble Pie

Alright...

Well you tell me you want me  
You say that you really care  
Don't you tell me no lies  
When you leave me, honey  
You're gonna have a cross to bear

For there's two kinds of people I just can't stand  
That's a lyin' woman or a beggin' man  
Ain't nobody else gonna take my place  
'Cause I'm just a fool for a pretty face

I been kicked, I been hit  
But it didn't hurt a little bit  
Kicked, pricked, no stick  
Really got my finger pricked  
I've been hurt by love, oh yeah,  
Hurt by love  
I've been hurt by love  
I've been hurt by love  
I'm just a fool for a pretty face, oh yeah

Well I don't have no reason  
To think that you're mine  
So why don't you keep your big mouth shut  
Why don't you let your love light shine?  
I don't wanna hurt ya  
I ain't on your case  
But you can  
I'm just a fool for a pretty face, oh yeah

Alright...

Listen now  
You seem so oh-so sweet  
But how about your after-taste?  
I've been hurt by love so many times before  
Because I'm a fool for a pretty face

Hurt by love  
I tell ya I've been hurt by love  
Hurt by love  
Hurt by love  
I'm just a fool for a....  
For a...  
For a... pretty face

Hurt by love  
Hurt by love  
I'm just a fool for a pretty face
