

Get Down To It

Humble Pie

I love you, babe, do you know?
I'll be any place you want me to go
Save my love for you, yes I will
When you need love to help you, do not fear.

Sweet sweet babe, I've found a nurse
I know I can, girl, you be my trust
Ooh ee baby, ooh ee
Get down and do those things you do to me.

You're alright, oh no
All the time since you left your spell on me.

Your lovin' set my soul on fire
Your love is my one desire
Ooh ee baby, ooh ee
Get down and do those things you do to me (get down).

Like didn't I say the rest girl?
Always tryin' to do your best girl.

I love you girl, do you know?
I'll be any place anytime you want me to go
Ooh ee baby, ooh ee
Get down and do those things you do to me (get down).

(Ooh ooh get on down)
(Ooh baby get on down)
(Ooh ooh get on down)
(Ooh baby get on down)
