

# I Believe To My Soul

Humble Pie

Well one of these days and it ain't gonna be long  
You're gonna look for me but I'm gonna have it on my toes  
Run down the road and be gone.

(I believe) And that's why  
(Yes I believe) I believe right now  
(I believe, yes I believe)  
Yes I believe, yeah, you're tryin' to make a fool out of me  
(I believe it) Alright  
(I believe it).

You're walking 'round, you're walking 'round here  
You've got your head so hard, bitten  
I think I'm gonna have to use my own.

(I believe) I believe baby  
(Yes I believe) I believe you're behind my back  
(I believe, yes I believe)  
Yes I believe, yeah, you're tryin' to make a fool out of me  
(I believe it) Oh  
(I believe it) Sydney!

(I believe it, I believe it).

(Oh, oh, I believe it, I believe it).

One night you were dreaming and I turned over and I heard you sayin'  
It was hard to believe you said  
( 'Oh Charlie' ) When you know my name is Steve  
(I believe) Is my name Steve?  
(Yes I believe) Why'd you say it was Charlie?  
(I believe, yes I believe)  
I said I believe, yeah, you're trying to make a fool out of me  
(I believe it) Get down  
(I believe it) Well I know, I know you don't please.
