

As civilization reaches a point of no return  
We must begin to value action rather than {just} concern  
Released from bondage, our minds now free

Spirits open  
To embrace humanity  
Tear down the "just us" system  
Top of the pyramid  
Mass hysteria  
Revoke our right to live  
We can stand  
Or rot where we lay  
Nothing less than war  
Revolution of the enslaved  
Minds now free

Spirits open  
To embrace humanity  
Tear down the "just us" system  
Top of the pyramid  
Mass hysteria  
Revoke our right to live  
We can stand  
Or rot where we lay  
Nothing less than war  
Revolution of the enslaved
