

# The Last Time That You Left

Huntingtons

I remember when we used to talk  
About growing up and stuff like that  
You always made me feel so important  
But now we hardly talk at all  
About anything but arguing  
It makes me wonder if we ever really meant it

Some people change and some just stay the same  
But I never thought you'd look at me that way

Cause I fell in love with you  
From the first time that I saw you  
Till the last time that we fought yeah you know  
I fell in love with you  
From the first time that our eyes met  
Till the last time that you left  
I'm in love with you

I remember all the fun we had  
At the movies and the hang out spots  
You always said we'd act like that forever  
But now we don't hang out at all  
And we can't agree on what to see  
I guess apologies are better late than never

Some people know just how to say those words  
And some just let the words get in the way

Girl, you know everything about me and that's not  
Fair that you would hold it against me  
But I don't care  
Cause I know just what you're thinking  
And that you won't stay long  
Those times you're gone  
I'm holding on to you
