## Huntress

Terror  
No one stays alive  
I execute at noon  
You fail, meet your doom  
Terror

You! Lock the doors  
Hit the floors, this is war  
You will never get out  
You! Look the doors

Terror  
Nowhere to run or hide  
Your screams never die  
Memories last for life  
Terror

Blood spills in the hallways  
Cries for help  
Look at me, see my face, die  
School is out forever  
Terror

Terror  
No one left alive  
I've planned my escape  
Burn it down, run away  
Terror

Burn! Fires blaze  
Sirens wail, you have failed  
You will never get out  
Burn! Fires blaze

Blood spills in the hallways  
Cries for help  
Look at me, see my face, die  
School is out forever  
Terror
