

## The New Sf Bay Blues

Hurray For The Riff Raff

I got the blues from a baby left me back on San Francisco  
Said I got the blues from a baby left me back on San Francisco  
And there was nothing I can do or say  
Or just hang my hand and slowly walk away  
Ooh hey, hey  
Was a long preatty baby guess i don't see you a while  
Ooh is a long preatty baby guess i don't see you a while  
You better go and ...you got me barry and  
Ooh but you left me here  
Don't walk or ...  
Hey,  
Well a women's heart is made from ..rock  
I said a women's heart is made from ..rock  
And if you love her she'll give all she's got  
Ooh but baby that can be enough of..  
Ooh hey, hey  
I'm just rolling in the dawn try to make out of here all alive  
I just rolling in the dawn try to make out of here all alive  
And if I'm looking I might feel satisfied  
Ooh hey, hey  
Well I got the blues from a baby left me back on San Francisco  
Said I got the blues from a baby left me back on San Francisco  
And there was nothing I can do or say  
Or just hang my hand and slowly walk away  
Ooh hey, hey
