

# Lock Me Up

Hurricane

You're tellin' me  
To live my life without you  
I'd rather do the time  
Put me away for a hundred years  
If lovin' you is a crime  
I can take the torture  
I can take the pain  
But tryin' to fight this feelin'  
Will leave me nothing to gain  
I can live with hunger  
I can deal with doubt  
But doin' without your love  
Is somethin' I can't talk about  
You better lock me up  
And throw away the key  
You better lock me up  
If you takin' away your love from me  
You took my love  
And bound it up in shackles baby  
My heart is behind bars  
And more it seems  
My feelings are incarcerated  
I'm constantly on guard  
Grab the silver bullets  
Fetch a loaded gun  
You say that I'll get over it  
I'll give you twenty to one  
I'll be your Dr. Jekyll  
Till you turn me out  
But find yourself some cover  
The minute Mr. Hyde gets out
