

## An Awful Crime

Hurricanes

(Intro)

Play games with me lady, I'll show you the rules  
Keep your head, and you can't lose  
You turn around and see what you've done  
Stop your man and make him right  
And every day and every night  
From searching stupid honies on the road  
Oh baby, oh baby, oh baby, I love you  
Be around and keep me on the line  
Oh darling, oh darling, oh darling, I need you  
Losing you would be an awful crime

(Solo)

I want to see my lady every night  
Turn me on and treat me right  
Lay me down and then you count again  
Stop your man and keep inside  
And every day and every night  
From searching stupid honies on the road  
Oh baby, oh baby, oh baby, I love you  
Stick around and keep me on the line  
Oh darling, oh darling, oh darling, I need you  
Losing you would be the end of time

(Solo)
