

Come To Me Baby

Hurricanes

Come to me baby
Holdin' my hand
Come to me baby
Lovin' a man
I give you lovin'
Feeling my pain
You tell me nothing
I go in vain
I hit the road I'm in the mood
I gotta see somebody
Turn out your love
And what'll you do , honey?
If I start
I know I love you
But guess I'm but jokin'
Come to me baby
Tell you no lie
Come to me baby
Don't ask me why
Someone says that
You movin' away
I tell you if I'm
Seein' a lay
