

I Can't Get The Feeling

Hurricanes

Smoking , alone
Dreaming , roll on
Someone says that heaven's just
A smile or laughing eye
'Round the corner
But i can't get the feeling
Can't forget i'm really
Growing older
Drifting , no guide
Losin , my pride
Someone tells a story
'Bout a land of heartaches
Round the corner
But i can't get the feeling
Can't forget i'm really
Growing older
Falling , too high
Calling , my sky
Someone says that heaven's just
The shadow of that palace
Round the corner
But i can't get that feeling
Can't forget i'm really
So much older
But i can't get the feeling
Can't forget i'm really
Growing older
