

Jailbait Stalemate

Hurricanes

Tease me then you are bring me down
You let me walk you home
You squeeze me , then you shut the door
I'm horny , but your always gone
I don't get you
Baby tell me what's your game
I don't get you
You don't even know my name
Jailbait - too young to play
Oh stalemate
Kiss me then you pull a face
You think I am your fool
But I'll be there again tonight
Stubborn as a Texas mule
I don't get you
Baby, tell me what's your game
I don't get you
You don't even know my name
Jailbait - too young to play
Oh stalemate
