

# Blind

## Hurts

Since the day I left you  
I hear your voice in every sound  
Since the day I left you  
I see your face in every crowd  
It won't go away  
But every time I feel you near  
I close my eyes and turn to stone  
'Cos now the only thing I fear  
Is seeing you better off alone

Cut out my eyes  
And leave me blind  
Cut out my eyes  
And leave me blind

With the weight of the world upon me  
I can't hold my head up high  
So if you see me on the street  
Turn away and walk on by  
'Cos after the beauty we've destroyed  
I'm cascading through the void  
I know in time my heart will mend  
I don't care if I never see again

Cut out my eyes  
And leave me blind  
Cut out my eyes  
And leave me blind

Girl, I told you  
After all we've been through  
I don't wanna be by myself  
Girl, I told you  
It would tear me in two  
If I see you with someone else

Cut out my eyes  
And leave me blind  
Cut out my eyes  
And leave me blind
