Time waits for no one
So do you want to waste some time?
Oh, oh tonight
Don't be afraid of tomorrow
Just take my hand
I'll make it feel so much better tonight

Suddenly my eyes are open Everything comes into focus, oh We are all illuminated Lights are shining on our faces, blinding

Swing me these sorrows

And try delusion for a while

It's such a beautiful night

You've got to lose inhibition

Romance your ego for a while

Come on, give it a try

Suddenly my eyes are open Everything comes into focus, oh We are all illuminated Lights are shining on our faces, blinding

We are, we are blinding We are, we are blinding

Suddenly my eyes are open Everything comes into focus, oh We are all illuminated Lights are shining on our faces, blinding

We are, we are blinding We are, we are blinding
