

# Something I Need to Know

Hurts

I try to call but you don't pick up  
So I order a cab cause I've had enough  
You think you're making a fool of me  
There's a look on your face that I have to see  
Is there something I'm missing?  
Something you're trying to hide  
I'm so tired of suspicions  
Tired of wondering why

You turn on the lights  
Open the door  
Behind you I see  
Clothes on the floor  
So tell me before I go  
Is there something I need to know?  
I'm not gonna lie  
I knew all along  
But this is your chance  
To just prove me wrong  
So tell me before I go  
Is there something I need to know?

You say it's too late to come inside  
And I hope that you've worked on your alibi  
You say I'm drunk and I'm paranoid  
But I can tell by your eyes and the tone of your voice

That there's something I'm missing  
Something you're trying to hide  
I'm so tired of suspicions  
Tired of wondering why

You turn on the lights  
Open the door  
Behind you I see  
Clothes on the floor  
So tell me before I go  
Is there something I need to know?  
I'm not gonna lie  
I knew all along  
But this is your chance  
To just prove me wrong  
So tell me before I go  
Is there something I need to know?

Why didn't you call me right back?  
Why didn't you call me right back?  
We needed to talk  
We needed to talk

Why didn't you call me right back?  
Why did you treat me like that?  
When we needed to talk  
Yeah, we needed to talk

Is there something I need to know?  
Is there something I need to know?

You turn on the lights  
Open the door  
Behind you I see  
Clothes on the floor  
So tell me before I go  
Is there something I need to know?  
I'm not gonna lie  
I knew all along  
But this is your chance  
To just prove me wrong  
So tell me before I go  
Is there something I need to know?
