

Intro

Hustle Gang

[Intro: T.I & Mitchellel]
It's 'bout that time, partner
I've just got one question for ya
Did you miss us?
(Get dough or die)
We doin' it for the men of respect
(This is a movement)
For all the stand up guys and the women who love 'em
(Get up or lay down)
Nigga we ain't takin' no losses (just get the money)
We'll take a life though, nigga
My nigga...
You've got to know I remember how y'all niggas
Stood on us
When we were down
You gotta know we ain't gon' let that shit go
(Get dough or die)
My nigga, I ain't on - bought every one of you niggas
And any one of you think you've got a goddamn shot at it, nigga
Try me then, partner...
I've got a back, hop on - we goin' there, nigga
To the motherfuckin' tip... no pun intended
Any nigga gettin' money, you down with me, partner
In God we trust
If you're 'bout that bread, Goddamn it, it's alright with us
It's the king, bitch
Now y'all take off on me, motherfucker, for sure and what it is
?
Dead time for the motherfuckin' marbles, homie
Hustle Gang, G.D.O.D...
