[Intro: T.I & Mitchellel]  
It's 'bout that time, partner  
I've just got one question for ya  
Did you miss us?  
(Get dough or die)  
We doin' it for the men of respect  
(This is a movement)  
For all the stand up guys and the women who love 'em  
(Get up or lay down)  
Nigga we ain't takin' no losses (just get the money)  
We'll take a life though, nigga  
My nigga...  
You've got to know I remember how y'all niggas  
Stood on us  
When we were down  
You gotta know we ain't gon' let that shit go  
(Get dough or die)  
My nigga, I ain't on - bought every one of you niggas  
And any one of you think you've got a goddamn shot at it, nigga  
Try me then, partner...  
I've got a back, hop on - we goin' there, nigga  
To the motherfuckin' tip... no pun intended  
Any nigga gettin' money, you down with me, partner  
In God we trust  
If you're 'bout that bread, Goddamn it, it's alright with us  
It's the king, bitch  
Now y'all take off on me, motherfucker, for sure and what it is  
?  
Dead time for the motherfuckin' marbles, homie  
Hustle Gang, G.D.O.D...
