

My desire is a far away mirage, over there  
I yearn for it in my cracked heart, and it hurts

If you can hold me like a cradle  
I don't need anything else

When I noticed it, above the endless desert  
My torn up memories were crying out  
With noble eyes aimed to the sky  
I'm going to fire my dazzling arrows, until the last one

If we meet in calm days  
I want to wake up and say "everything was a dream"

How long was I waiting for you, I wonder?  
Nothing is here except for pain  
My eyes sparkle, and the sun is shining  
It's as though my frozen heart is burning  
With noble eyes aimed to the sky  
I'm going to fire my dazzling arrows, until the last one

It pierced me...  
So impatient, that I take the barbed wire tangled around me along  
I'll grasp ahold of tomorrow that is seducing me

Horizons rise here in my eyes  
A sound of silence calls  
Hot in my heart, a distant hope  
Is mine forever more

With noble eyes aimed to the sky  
I'm going to fire my dazzling arrows, until the last one!
