

## I Can Feel

Hyde

Feel, I can feel you - the bliss, your kiss  
I can't believe it - could this be fate?

Karada wo kaishite dakishime aeba surprise  
Kuuryoku no kaihou tamashii wa mou arise

You're part of me,  
we're melting into each other  
Life's mysteries, no,  
none of it seems to matter  
I can feel I can feel  
I can feel I can feel  
Waiting for this time  
I can feel I can feel  
I can feel I can feel  
Now the truth is mine

I didn't notice you here, so near  
Words, we don't need them  
this soup of the soul

Marude toke nakatta  
Kokoro no PAZURU complete  
Saigo no PIISU ga ima  
Umekomareta so sweet

You're part of me,  
we're melting into each other  
Life's mysteries, no,  
none of it seems to matter  
I can feel I can feel  
I can feel I can feel  
Waiting for this time  
I can feel I can feel  
I can feel I can feel  
Now the truth is mine
