

Shining Over You

Hyde

You were the love
I've always dreamed of
But now I know
I walked away too soon
No matter how
Far away you are
I'll be there
High up on the moon
Shining over you

Afureru kurai kimi he kazoekirenai ai wo
Kasane au saigetsu sasayaka na koi wo
Ame ni nure tayasanu you ni
Soko kara dore gurai nagasarete iru?

You were the love
I've always dreamed of
But now I know
I walked away too soon
No matter how
Far away you are
I'll be there
High up on the moon
Shining over you

Towa ni irodoru shiki wo shinjite ita ashita wo
Kono me ni ha nido to utsuse wa shinai kara
Itsu no hi mo inotte iru
Kimi he to kagayaki ga furisosogu you ni

You were the love
I've always dreamed of
But now I know
I walked away too soon
No matter how
Far away you are
I'll be there
High up on the moon
Shining over you
