

Desperate Man

Hyland

My story's almost ending
Or so it seems
That way lately
I'm runnin' out of pages
And there's no way out
No escaping

"Take what you want
I'm not givin' up"
The cry of the desperate man
"Use what You can
I'm clay in Your hands"
The cry of the desperate man

It looks like this is my sunset
Here's my last hurrah
Final chapter
I won't give in that easy
I read between the lines
There's a Saviour
A Saviour

"Take what you want
I'm not givin' up"
The cry of the desperate man
"Use what You can
I'm clay in Your hands"
The cry of the desperate man

So long
Farewell
Goodbye
I'm leavin'
For brighter skies
So long
Farewell
Goodbye
I'm leavin'
For brighter skies

"Take what you want
I'm not givin' up"
The cry of the desperate man

"Take what you want
I'm not givin' up"
The cry of the desperate man
"Use what You can
I'm clay in Your hands"
The cry of the desperate man
