

Keep Up

Hyper Crush

Keep up (4x)

Wait, girl, not so fast slow it down now make it last
I've been chasin' you all night dancin' to the song like move
Your body to the beat she's a freak like
I'm a, I'm a freak
I'm a, I'm a freak, freak, freak
Yup, girl, why you teasin' me just peep the scenery
I'm so ill at movin' my feet that I don't even need a beat

Can you keep up
With my body movin' back and forth like speakers
When I'm dancin' you can barely see my sneakers
Can you spin me like a record, spin me like a record
Record, record

Can you keep up
Go, go, go, go (x2)

Okay, keep comin' 'round my way
Boy you like how my nails are painted, grab me by the waist and move
If you see me flyin' past ya it's just because I'm faster
I'm waitin' so come capture me
If you got those speakers blastin' got moves like Michael Jackson then show
me you're a dancin' machine

Can you keep up
With my body movin' back and forth like speakers
When I'm dancin' you can barely see my sneakers
Can you spin me like a record, spin me like a record
Record, record

Can you keep up
With my body movin' back and forth like speakers
When I'm dancin' you an barely see my sneakers
Can you spin me like a record, spin me like a record
Record, record

Can you keep up
Go, go go go (x2)

Stop chick not so quick
The Donny pull out, look at my oh!
It's true, I'm a maniac and I'm bringin' the 80s back
And all these ladies attack me when I bring 'em to the sack
My style, my sway, the way that I walk and keep up with my pave, come play
As I bend over and tighten my shoelace
See you do a double take, see you do a double take, take, take, take take

Can you keep up

Keep up
Record, record

Can you keep up
With my body movin' back and forth like speakers
When I'm dancin' you can barely see my sneakers

Can you spin me like a record, spin me like a record
Record, record (x2)
