

# The Ballad Of Johnny Alright

Hypnogaja

Johnny was a boy, thought he was a man  
Thought he lived in a world that didn't understand  
But it's alright, alright  
Mama came down and stood right there  
Said, "Johnny boy, don't you feel scared  
'Cause it's alright, alright"

Johnny was a boy, thought he was a man  
Thought he lived in a world that didn't understand  
Johnny was a boy, thought he was alone  
But it's alright if you're feeling low, Johnny...

Everybody wants to make it alright  
When you're feeling low, Johnny  
Everybody wants to make it alright  
When you're feeling low, Johnny

Papa turned around and what did he say  
He said, "Johnny boy don't you feel that way,  
'Cause it's alright, alright"  
Another came in and what do you know  
Said, "Johnny boy don't you feel so low,  
'Cause it's alright, alright"

Well it's not alright when you ain't got nowhere to sleep  
And it's not alright when you ain't got nothing to eat  
And it's not alright when you ain't got no one to love you  
But Johnny boy you got all that stuff
