## **Burn The Angels Down**

Burn the angels down, in everlasting fire burn them into dust, into dust burn this holy shit with this extreme heat their calling is lost in the wind lost in the wind

Burn them - birds of heaven burn them - fools of god burn them - feel the pleasure burn finish this hunt burn them down with all their books make them enjoy malleus burn them down and let them shout burn them before they fly out

Burn the angels down, holy father cries that he is losing sons, losing sons suffering in flames, screaming holy names their feathers turn into black, turn into black

Burn the angels down, from a red sky they're falling down with no wings try to fly , try to fly burn down their flesh, turn them into ash we're cleaning up the earth cleaning up the earth
