

# Crystal Purity Of Treachery

Hypnos

Population defect, feedback into the seed  
degeneration, inner ride to hide the truth...deep  
Intelligence coma, will for victory,  
no more time for heroes, this is, this is treachery  
This is treachery

Confidence betrayal, authority's fall  
behind the black curtain,  
hate frozen to crystals...cold,  
Feeding with more bullshit, in this life parody,  
favourite back stabbing, this is this is treachery  
This is treachery

Sanity point zero, speaking through the frost  
refused look in the mirror, promised land-paradise lost  
Worshipping the wrong masters,  
being the king of the weak,  
crossing self-made limits, this is, this is treachery  
This is treachery

Slime-the masses throwing up with slime  
turn into snakes inside  
Subconscious engraved and dumb,  
black ravens have to smile  
Wild howling wolves realize,  
meaning of common trust  
How to pay back for treachery  
with broken bones theory
