

Inverted / Chasing the Apostles

Hypnos

Fear, religion is a fear that bows our heads
and builds cathedrals.
Fear that only bends the knees, stammers litanies
and pretends honest love.
Faith's teaching of slavish grace
Self-denial, obedience
Faith's teaching of slavish grace

Is the God liable for all wars, for the blood of
innocents,
persecution, inquisition?
Did he permitted the tyrants to kill the patriots
and burn his friends at stake?

Did you ask the Holy Father and his Vatican squad
If they've been walking through Auschwitz back in the
40's?
Do you think those gas chambers are also divine act?
Then don't ever ask the question why we are inverted.

Church pretends connection with the God
Knows that way to timeless joy is a journey towards
death
Preaches salvation by holy faith where docile turn into
angels
Disbelievers damned

Faith's teaching of slavish grace
Self-denial, obedience
Faith's teaching of slavish grace

Did you ask the Holy Father and his Vatican squad
If they've been walking through Auschwitz back in the
40's?
Do you think those gas chambers are also divine act?
Then don't ever ask the question why we are inverted.
We never submit to someone who's not above of us
We never join the flock of feeble sheep of God
We never fall in the abyss of self-abasement
We prefer to live our lives here and now, that's why we
're inverted
