## Hypocrisy

We will all face ???  
Did you want to see the apocalyptic power  
To a ??? and a figure of Apocolypse  
A demon  
We will fuckin' die

The end is here

Tell me something so they  
Destroy the populace  
Never been so ???  
Would we know, would you know  
Everything is soaked in blood  
Everything is soaked in blood  
Will we die?

Death is here  
The end is now  
Death is here

Tell me should we now ???

Suffocate the air is here

Do you wanna to die?  
I don't wanna die  
We will die

Do you wanna die?  
I don't wanna die  
We will die

We'll soon  
Know what it's like to die  
They are witnessing my creation  
They take my fuckin' life  
I don't want to die  
Burning flesh is lighting up the sky  
Lie!

Leaning on the edge  
To take the final step  
I'll take my last breath  
And it will be the end

Do you wanna die?  
I don't wanna die  
Well, you're gonna die

Nervous from my ???

Do you wanna die?

Well, you're gonna die?

Death is here  
The end is now  
Death is here
