

Drained

Hypocrisy

Time goes by too fast
Slippin' away through the pain
No fear of emptiness
Helpless, I'm being drained

Through the anger of what I have seen
My life getting no better
Never will I be free

Thousand ??? lies and reality
makes no difference
for here, there are no sufferings

Through the anger of what I have seen
My life getting no better
Never will I be free

Time goes by too fast
Slippin' away through pain
No fear of emptiness
Helpless, I'm being drained

Through the anger of what I have seen
My life getting no better
Never will I be free
