

## Weed out the Weak

### Hypocrisy

The cryogenic holocaust  
Slows down the disease  
Give us all a taste of your miracle  
We're thirsty for your medicine  
The hate burns in our eyes  
It's kill or be killed  
It's in the nature of the human races' weak mind  
To be exterminated by ourselves

Just stab their hearts for nothing  
Your greedy souls scream in envy  
Kill them all  
Release the anger  
Weed out the weak  
You don't need them

Weed out the weak

Exterminate the riff raff  
No one will miss you anyway  
Clean up the world with an iron fist  
Start the harvest of the dead  
There's no room for the weakend mind  
There's no room for you  
There is a new religion coming around the bend  
And it's called fuck you

Just stab their hearts for nothing  
Your greedy souls scream in envy  
Kill them all  
Release the anger  
Weed out the weak  
You don't need them

Weed out the weak  
Stab them all
