

## Bless The Beast

Hysterica

You're fighting  
With the demons in your head  
The lightning  
A candle next to your bed  
You're screaming  
In your nightmare that feels so true  
Begging  
Who can tell you what to do

Hey hey listen to me  
It's in your system, it's time to be free  
Hey hey it's time to obey  
You're losing control  
It's time to pay  
Where is the priest?  
Bless the beast

Searching  
For a lead that conform your soul  
Crawling  
And hoping reach your goal  
You're burning  
You're burning up in flames  
You're bleeding  
And your conscious sister blame
